BECOME A ST. BENEDICT'S PARENT ASSOCIATION COMMUNITY PARTNER TODAY

ST. BENEDICT'S PARENT ASSOCIATION believes that education and growth is a collaborative effort. Students, teachers, faculty and parents are essential for a student's successful development in the school and out. St. Benedict's Parent Association has four main goals:

- **Foster Community** – The PA, in coordination with parent volunteers, organizes and presents opportunities for members to gather in a manner that enhances the sense of community within the school.
- **Show appreciation** – The PA expresses the appreciation of the parents and the community for the administration, faculty, and staff of the School.
- **Communications** – The PA serves as a conduit for information to flow to and from the parent body, faculty and administration of the school.
- **Raise money** – The PA raises money to enable community and appreciation efforts to occur and augment the resources available to the school, including, without limitation, curriculum and educational enhancements and those items or services that will enrich the experience of students, parents, employees and prospective families of the School.
