imagine...

expanded facilities to match the quality of our first-rate education

A brand new Middle School will create an exciting new learning environment for grades 5 through 8. The new building will feature modern classrooms, including dedicated spaces for the arts, our STEAM program, and more. The gymnasium will feature a full-size basketball court, a stage, and also serve as an auditorium-size gathering space. The multipurpose facility will serve our community in any number of ways.

New Building Naming Rights: \$1M

imagine...

dynamic classrooms and labs where children can explore, discover, and learn

More classrooms and redesigned spaces allow our faculty to do what they do best: teach. Increased space would enable more active, hands-on learning for our students. Dedicated classrooms – for art, music, and STEAM – would provide learning spaces that would engage and inspire.

Classroom Naming Rights: \$50,000

imagine...

large outdoor spaces where our students can play, study, and grow together

Donors may sponsor benches on the new Middle School Campus. Each item will be permanently marked with the donor's name.

Outdoor Seating: \$25,000

the future of St. Benedict's

The potential within each St. Benedict's student is unlimited, but the current spaces and resources with which we have to teach and inspire them are not. All donors giving at the \$10,000 level and above will be listed on our donor recognition wall in the new Middle School Building. The Imagine Campaign is our chance to plant a seed and see it "bear fruit, thirtyfold and sixtyfold and hundredfold." It is our chance to help our children learn and grow as never before. Together, let us imagine it, and achieve it. Let us dream it, and become it. An opportunity to impact the lives of students for years to come – **IMAGINE THAT.**

Donor Wall Recognition: \$10,000+
